Clinician Internship Program

The Clinical Internship Program of Hartford HealthCare’s Behavioral Health Network (BHN) introduces students to the behavioral health field and provides hands-on learning. Students experience different levels of care, client populations, and diagnoses. We offer participants extensive networking opportunities and experience from one of the largest healthcare systems in Connecticut.

The Clinician Internship Program Candidate...

- Is passionate about doing the **KIND** thing, the **JUST** thing, the **BEST** thing, the **RIGHT** thing, and the **SAFE** thing
- Is looking to work in a fast-paced environment with the ability to work collaboratively
- Is keen on helping others recover and improve

We accept interns from the following programs:

- Social Work
- Counseling
- Mental Health
- Psychology
- Marriage and Family Therapy... and more!

Additional opportunities

- Attend an educational series focused on key BHN topics including patient experience, trauma-informed care, diversity, equity, inclusion, and belonging
- Participate in networking events with the opportunity to meet with hiring managers across all the BHN entities
- Experience multiple areas of work including different populations and levels of care
